

Web Accessibility Snapshot by Division

This is a snapshot of SSU's main web server, www.sonoma.edu, as of June 26, 2007. Linus is the host for www.sonoma.edu and several virtual hosts, (such as projectcensored.org, phys-astro.sonoma.edu, ssualumni.org, ds.sonoma.edu, streaming.sonoma.edu, greenmusicfestival.sonoma.edu, greenfarm.sonoma.edu and greenmusiccenter.sonoma.edu).

With the exception of the First Year Report findings for the Online Services Login page, and the ssuseawolves.com homepage, this snapshot does not include any of the other SSU web servers and sites on or off campus.
