

2ENGAGE

SECOND YEAR EXPERIENCE

Be a part of Sonoma State's newest Living & Learning community, developed exclusively for our second year students. Housed in Tuscany Village, 2Engage will offer programs and services directed at the three topical areas that second year student nationally struggle with: major and career decision, academic skill development, and leadership. Program components will include

- onsite career and academic peer mentors
- faculty advising
- workshops
- leadership development
- civic engagement
- service learning opportunities and internship guidance

Students will have the opportunity of enrolling in a specially designed career and major planning course with a second year focus. Modeled after our successful FIG and FYE communities, students will reside together in one of the new Tuscany buildings, providing close proximity to community resources and staff.

Students interested in participating in the SYE **2Engage** community should highlight "Yes" on the New Room/Plan Preferences page of the online application. For more information please contact the Office of Residential Life at (707) 664-4033 or Housing Services at (707) 664-2541.
