No one shall enter or otherwise remain on University Property between the hours of 11:00 p.m. and 6:00 a.m., or at such other times as published or posted by University housing and residential programs, and other similarly specialized University programs. This prohibition shall not apply to persons possessing valid written authorization from a University official, persons on legitimate University related business, or persons attending a specific University sponsored event. Those persons with legitimate University business reasons, valid written authorization, or attending a University sponsored event, shall be allowed to remain and access University Property as allowed in their authorization or through the duration of the specific event, after which time they shall leave University Property without any appreciable delay. This prohibition shall not apply to persons transiting on a roadway or path designated as open to the public.

Campus Time, Place and Manner Regulations

Access to and use of designated University Property must be scheduled and registered in advance, as noted in the list of University Property set forth below. Certain uses of University Property may be subject to fees, require liability insurance, and/or an indemnity agreement which must be provided by those who seek to engage in such uses. All users assume responsibility for all damage they cause to University Property. For purposes of this Addendum the following terms shall apply, as set forth in the CSU's Systemwide Time, and Manner Policy:

Public Areas

A Public Area is University Property that is available for public assembly, marches, demonstrations, protests and debate. Right of access and equality of access are provided in these areas, so long as activities are lawful and do not disrupt University operations. Content-based restrictions are prohibited, but reasonable time, place and manner regulations will be applied. Spontaneous activities may take place in Public Areas without pre-scheduling or reservations.

Limited Areas

A Limited Area is University Property available to the public but due to business operations, safety concerns, or other important University interests, is not open for assembling, marching, demonstrating or protesting. Activities in these areas may require scheduling and reservations with the University, and are available on a limited basis, subject to campus regulations that are narrowly tailored to address the University's legitimate business interests.

Access to and use of certain designated University Property must be scheduled and registered in advance, as noted in the list of University Property set forth below. Certain uses of University Property may be subject to fees, require liability insurance, and/or an indemnity agreement which must be provided by those who seek to engage in such uses. All users assume responsibility for all damage they cause to University Property. Failure to pay for damage to University Property may jeopardize future access to and/or use of University Property and can result in discipline for students and employees who are responsible for the damage, as well as civil or criminal action.

Non-Public Areas

Except for areas designated as Public Areas and Limited Areas, all remaining University Property, including the interiors of all buildings and facilities are Non-Public Areas. These areas are not open to the public and the University can restrict access to Non-Public Areas on a Content and Viewpoint Neutral basis.

List of University Properties

If there is a University Property not listed below, please contact the Designated University Official or their authorized designee responsible for implementing this Addendum. Building hours do not necessarily apply to offices assigned to individual employees or small operational offices. Such spaces may be restricted based on employee schedules. Contact individual employees regarding access to individually assigned spaces. Additionally, authorization is extended outside the official building hours to any person in the building or space with legitimate University business or an authorized guest at a specific University sponsored event.

The University reserves the right to repurpose or redesignate use of a University Property or space, restrict access to a property or space with limited and/or no notice, and change business or operating hours for a location, space, building or other areas at University discretion.

Activities and Uses on University Property Requiring Written Permission

Educational Programs and Activities to Support the Balance Between Free Speech Activities, Educational Mission, and Student Safety

Sonoma State University is committed to enhancing the quality of life for all constituents and supporting an environment that encourages academic freedom and the safe exchange of ideas.

The University offers a wide range of student services and co-curricular programs and activities to support our goals of student satisfaction, retention, and graduation. We encourage you to become familiar with the [services and programs](#) that may enrich the college experience.

On Sonoma State's intellectually and culturally diverse campus, freedom of speech provides all members the opportunity to learn, grow and contribute to our shared mission to create a more just, free and prosperous world. But translating theoretical principles into real-world practice can be complicated and challenging, particularly if different members of our community have conflicting opinions, as they inevitably will. Sometimes freedom of speech will bring forward strong emotional responses. However, whether the statements are popular or unpopular, agreeable or offensive, freedom of speech is a fundamental, protected right.

Freedom of speech plays a valuable role in the experience of being at Sonoma State University. We encourage students, faculty, and staff to express their views, debate issues, get involved, and make change in a productive manner. An active, vocal, and engaged community is a keystone of university life. We have prepared an [FAQ](#) to assist with understanding and provide resources around free speech. For additional resources on Academic Freedom, we encourage you to consult AAUP's website, "[Advancing Academic Freedom](#)," which includes a number of resources and defines both academic freedom and academic responsibility, and Sonoma State's [policy on academic freedom](#).

Resources for Mental Health and Trauma Support for Employees and Students

Sonoma State University promotes and prioritizes the health, safety and personal wellness of our campus community. We educate our campus community on safety practices that will help to prevent and prepare for future emergencies. We work to create safe and inclusive programming through which our community can ask questions, seek guidance and access critical resources. More information can be found at our [SAFESSU](#) website.

Additionally, the following resources are available for employees and students seeking mental health support related to issues of free speech impacts or other personal issues.

[Counseling and Psychological Services](#) are available for any student seeking support at 707-664-2153. A [Confidential Advocate](#) is also available at 707-664-2698. Our Employee Assistance Program, [LifeMatters](#) by Empathia, is available as a support resource for staff and faculty at 1-800-367-7474.

Standards for Student Organization Conduct

Policies have been developed to provide a safe, educational and enjoyable environment for students, faculty and staff. Violation of these policies may result in disciplinary action taken against the participant and/or the club/organization.

Title V - Standards for Student Conduct

ALL students are still subject to adhere to the [Title V California Code of Regulations](#).

[CSU Executive Order No. 1068](#) (supersedes CSU Executive Order No. 1006)

This executive order EO 1068 develops and communicates system wide policies, procedures and/or guidelines for student organizations and activities.

Student Involvement Advisors collect student organization rosters and verifies member and officer eligibility each semester. Students who do not meet the minimum eligibility requirements are not permitted to serve as members or officers of the group. Student organizations should review the member eligibility policy.

CSU Executive Order 1068: Non-Discrimination & Open Membership

As a condition of recognition, all student organizations must comply with the California State University's non-discrimination and open membership policies outlined in this executive order.

Non-discrimination: No campus shall recognize any fraternity, sorority, living group, honor society, or other student organization that discriminates on the basis of race, religion, national origin, ethnicity, color, age, gender, marital status, citizenship, sexual orientation, or disability. The prohibition on membership policies that discriminate on the basis of gender does not apply to social fraternities or sororities or other university living groups.

Open membership: No campus shall recognize any fraternity, sorority, living group, honor society, or other student organization unless its membership and leadership are open to all currently enrolled students at that campus, except that of a social fraternity or sorority or other university living group may impose a gender limitation as permitted by Title 5, California Code of Regulations, Section 41500. Student organizations may require applicants for leadership positions to have been members for a specified period of time, and may require officers to compete for those positions in elections of the membership.

Student Organization Rules and Responsibilities

Student clubs/organizations at Sonoma State University shall complement the mission of the University and enhance the educational experience for students. Clubs/organizations will be held responsible for actions of the group membership, guests and individuals. A club/organization is responsible for its own actions.

The club/organization will be held responsible:

- When the club/organization fails to comply with a duty imposed by a written University policy, including, but not limited to, improper membership education and initiation; improper organizational registration of activities for which registration and/or permission is required; failure to comply with applicable health and safety regulations; misuse of University property, facilities and equipment; violations of University regulations on the use of alcohol; misrepresentation of the club/organization or group; abuse of student election procedures and regulations; misappropriation of funds; and violations of any rule or policy applicable to clubs/organizations.
- When the club/organization's purpose is not compatible with the educational purposes of the University.
- When the club/organization has engaged in financial mismanagement or conducted activities that are in violation of University regulations and/or local, state and federal laws.
- When a club/organization or an affiliated University group is charged with a violation of the Student Code of Conduct, the presiding officer or individuals affiliated with the group shall be required to participate in proceedings conducted by the Dean of Students office under this Code as representatives of the group.
- When one or more officers refuses or neglects to perform duties outlined in the club/organization's constitution or Student Code of Conduct.

Club Review, Revocation and Suspension

Where the University alleges that the club/organization, its officers or its individual members have failed to comply with the requirements for maintaining recognition, the University may follow established procedures to conduct an investigation and render sanctions, or conduct an administrative review and take summary action as it deems appropriate under the circumstances, or utilize other disciplinary policies and procedures as established with respect to student organizations.

The University may elect, in lieu of revoking recognition, to impose educational and/or punitive measures against the club or organization and/or its officers, including but not limited to academic probation or expulsion.

A club/organization whose recognition/registration is suspended loses the opportunity to use the name of the University, to use University bulletin boards and facilities, to schedule activities on campus, and other privileges enumerated as established by the University. A suspended organization must continue to comply with those requirements stipulated. Failure to do so will prevent the organization from having recognition reinstated.

Shared Responsibility for Infractions

Students and their club/organization may be held responsible for the conduct of their guests while on University premises, at University-sponsored or supervised activities, and at functions sponsored by any club or organization.

Application of This Code

The Office of Student Conduct will exercise jurisdiction over recognized student organizations and member conduct, including fraternities, sororities and club sports. Action by the Office of Student Conduct does not preclude action by one of the three Greek Councils, or other governing bodies.

Sanctions may be imposed on student organizations found responsible for violating the Student Organization Code of Conduct. Sanctions may include actions such as withdrawal of recognition, suspension of recognition for a specified period of time, probation (warning that might lead to a more severe sanction), restriction of privileges, reprimand, community service, restitution for losses caused, and/or educational sanctions.

Conduct that threatens the safety or security of the campus community, or substantially disrupts the functions or operation of the University is within the jurisdiction of this Code, regardless of whether it occurs on or off campus. Nothing in this code may conflict with Education Code Section 66301 that prohibits disciplinary action against students based on behavior protected by the First Amendment.

The Office of Student Conduct has responsibility for adjudicating cases based on allegations of misconduct. Ordinarily the University will proceed with written complaints but reserves the right to proceed without a written complaint. When the Office of Student Conduct receives a report of a student organization's alleged misconduct, an investigation will occur, and if warranted, the office will send the President of the student organization a letter to schedule an informal conference as well as to notify the President of the alleged charges. The Student Conduct Administrator will meet with the president of the

organization to discuss the allegations. In the meantime, the Student Involvement staff may meet with the organization president to inform of and offer guidance through the process. If the organization is found responsible for the alleged misconduct, the President will be issued a sanction. The President may file an appeal of the sanction to the Dean of Students within five business days of the notice of sanction.

The president of the organization will be notified of the final decision within 10 working days. It is the president's right to accept or reject the sanction. An appeal may be filed for an alleged due process violation or the sanction was too excessive for the offense.
